

## SKIN RESCUE

# Introducing Catalent's Skin Rescue CosmoPod® Twist-Off Capsules

### Product Description

Our innovative serum targets key elements to maintain optimal hydration levels over time. This essential multi-tasking treatment restores your skin's moisture barrier to soothe and protect your skin from environmental stress. It stimulates the moisture in your skin to help relieve minor skin irritations, including roughness, redness, chapped, cracked or dry skin. Use this intensive multi-purpose serum to boost skin's moisture level wherever you go.

INGREDIENTS	HOW IT WORKS	BENEFITS
PCA physio-ester	Rebuilds epidermal lipids by stimulating synthesis of skin lipids	Restores skin barrier integrity for better protection from external factors
Sterols complex	Emollient with a structure similar to skin's own lipids	Enhances protective barrier functions, reduces TEWL (Trans Epidermal Water Loss)
Raspberry oil (Rubus idaeus)	Rich in linoleic (Omega-6) and alpha linoleic acids (Omega-3) essential fatty acids	Nourishes and moisturizes Enhances protective barrier functions, reduces TEWL
Vitamin E derivative	Moisturizer and powerful antioxidant	Protects skin lipids from oxidation
Vitamin B6 derivative	Natural moisturizer that stimulates Filaggrin, a precursor of the natural moisturizing factor (NMF)	Natural moisturization from within the skin
Salicornia extract	Multifunctional active which reinforces the hydro-lipid barrier and boosts urea and water stock through AQP-8 and AQP-3	Improves water retention and skin hydration from inside

### COSMETIC EFFICACY TESTING

NUMBER OF CONSUMER PARTICIPANTS: 20 total with dry and sensitive skin (based on corneometry value and lactic acid sting test)

DURATION: 4 weeks

DATA COLLECTION PERIODS: Initial start, 6 hours, 2 weeks, 4 weeks

AGE: Between 25 and 50 years

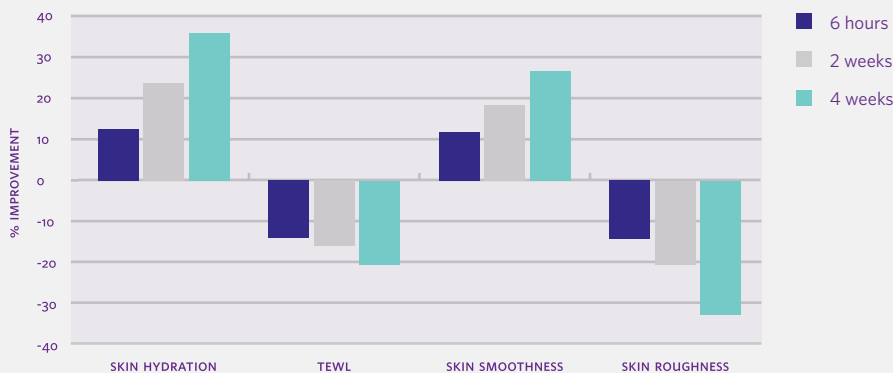

SEX: Female

FREQUENCY: Twice daily

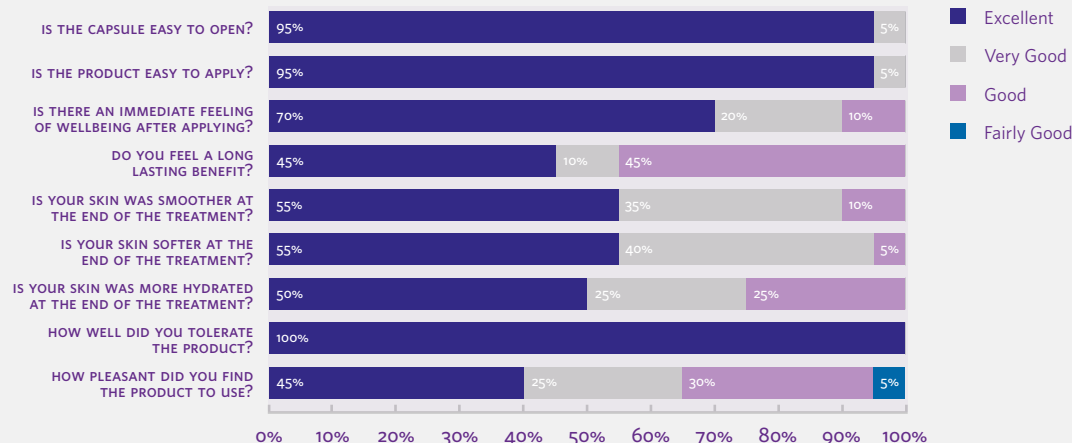

SELECTION CRITERIA:

- The selected subjects have not used face cream with similar activity to the test product in the previous 2 weeks.
- During the study, it was requested that participants not to make any changes to their normal daily routine and not to use products with similar activity to the test product throughout the duration of the study.

### INSTRUMENTAL EVALUATION RESULTS

### CONSUMER EVALUATION RESULTS

### RECOMMENDED USE

- Use twice daily on cleansed skin
- Twist-off or snip the capsule tip to open
- Apply by lightly tapping serum onto the skin

## Safety Studies Carried Out

- Patch Test
- Repeated Insult Patch Test
- Evaluation of the ocular potential irritancy by the Neutral Red Release

CONCLUSION: THE PRODUCT HAS GOOD SKIN COMPATIBILITY

## Stability Study

The checks have been performed on glass jar, PET jar and TRIPLEX and POLYBAR blisters according to the table below:

CONDITIONS	1 MONTH	2 MONTHS	3 MONTHS
4°C	X	X	X
25°C — 60% R.H.	X	X	X
40°C — 75% R.H.	X	X	X
Room Temperature	X	X	X

CONCLUSION: ALL TEST CONDITIONS WERE FOUND TO BE ACCEPTABLE.
