

## NEW JOINT COMFORT SOFTGEL

### Unique Combo Formula with LONGVIDA® Curcumin Extract

#### Product Description

You know that comfortable and flexible joints are important to many aspects of your life, whether you are walking, sleeping, exercising, or just waking up. In addition to diet and exercise, you want to do more to support joint comfort.

**Catalent and Verdure Sciences** have teamed up to develop an innovative nutritional supplement for joint comfort.

Introducing Joint Comfort Softgel with LONGVIDA® Optimized Curcumin Extract - This unique combo formula contains an ingredient thought to help support joint comfort.

Joint Comfort Softgel with LONGVIDA® Optimized Curcumin Extract contains 400mg LONGVIDA® Curcumin, 1,000mg Omega-3 Fish Oil, 2,000IU Vitamin D3, and 2mg Manganese. Daily dosage of this product is 2 capsules.

ACTIVE INGREDIENT	INGREDIENT DESCRIPTION	PURPOSE
400mg LONGVIDA® Curcumin	Ingredient found in the spice tumeric, known to have antioxidant properties	Support inhibition of enzymes which participate in the synthesis of inflammatory substances in the body Work during the adaptive process of the inflammatory cascade
1,000mg Omega-3 Fish Oil (360mg EPA as TG & 240mg DHA as TG)	Essential nutrient that provides many health benefits	Promote healthy management of body's inflammatory response
2,000IU Vitamin D3	Fat soluble vitamin that is responsible for maintaining the mineral balance in the body, enhancing intestinal absorption of calcium and phosphate in the gut	Help modify inflammatory binding sites Contribute to maintenance of normal muscle function
2mg Manganese	Essential nutrient required in the body to function properly	Support normal connective tissue formation

## Consumer Benefits

- Unique combo formula containing LONGVIDA® Curcumin Extract, Omega-3, Vitamin D3 and Manganese, may help to promote joint comfort
- LONGVIDA® Curcumin intended to help support joint comfort and flexibility and be more bioavailable than Standard Curcumin
